OFFICE OF LOGISTICS
FY-86 Significant Accomplishments
(by staff/division)

PD/PMS

- ° Negotiated (through GSA) award of the largest contract ever processed through the Small Business Administration -- \$5.8 million -- to construct the Agency Security Control Centers and pave the compound.
- ° Continued record levels of contracting activity in support of operations Agencywide. (FY-86 contracting activity indicates that CIA ranks fourth of approximately 60 Federal departments and agencies in the amount of funds obligated by contract.)
- ° Contracted with Coopers and Lybrand to complete a study of the Agency's procurement system (final report dated 31 July 1986).
- ° Established Contracting Officer Intern Program for selected procurement officers in grades GS-7 through GS-9.
- ° Made significant improvement in reducing the backlog of Agency contracts in settlement.
- ° Cancelled 89 Procurement Notes (retained 34). Reviewed all active PNs.
- ° Revised PN 140, re presentation of information to the ACRB.
- ° Issued revised guidance to improve the presentation of cases before the ACRB on procurements exceeding \$500,000.
- ° In coordination w/OF, took steps to remedy certain vendor contract payment problems.
